

INCIDENT RESPONSE AND
MONITORING

HolistiCyber Monitoring Services

*Expertise and Resources that Proactively
Detect Threats*

The Need

In today's environment, thousands of security events can overwhelm your networks daily.

Teams face a serious challenge of quickly evaluating and prioritizing all these events and trigger appropriate alerts.

Ongoing proactive security monitoring is a crucial part of any organization's 24/7 cyber risk management activities, with direct impact on detection and prevention rates as well as response time.

The Solution

HolistiCyber's Monitoring Services provide both the expertise and the latest technologies required to deliver 24/7 monitoring of your assets, improving your detection and response time.

What to Expect

- An Onboarding process that includes site assessment, audit recommendations, and incident investigation
- Full SIEM & SOC Services; correlation-based alerting, alert analysis and response, alert workflow creation, analyst and operator services 24/7.

HolistiCyber – Defending what matters
